

# Glog On!

## Glog One!

## Glog All!

## Glog On!

Jan McGee, Technology Coordinator  
West Monroe High School

Modified by  
Katherine Powell, Teacher Librarian  
Poway High School

# **A Glog is like a poster . . . only better**

- **Glogs allow students to create an online poster using**

- **photographs**
- **images**
- **graphics**
- **video files**
- **sound files**
- **hyperlinks**

# **9 Reasons to Use a Glog**

- 1. It allows students to create an online poster**
- 2. It is free**
- 3. It is web-based**
- 4. It uses no ink**
- 5. It allows students to add images, video—such as YouTube--music, text, and hyperlinks**

**(What cardboard poster does that?)**

## Reasons, continued

6. It *easily* incorporates student research and educational content
7. It addresses multiple learning styles
8. It can be accessed from any location with an Internet connection
9. Did I mention that it is economical because it uses NO ink?

# Example: History/Biography Project

**John Fitzgerald Kennedy**

Just the Facts  
Birth: May 29, 1917, Brookline, MA  
Education: Harvard College (graduated 1940)

Type code from box above

# Profile Page

The screenshot shows a web browser window with the Glogster website. The user is logged in as 'jrobinson'. The profile section shows a teddy bear icon, the name 'jrobinson', and status 'Online'. A red banner at the top right says 'You haven't authorized your email yet! Resend an authorization email'. A yellow arrow points to this banner with the text 'Email Reminder'. Below the profile section is a 'CREATE A NEW GLOG' button, with a yellow arrow pointing to it and the text 'Click "Create a New Glog"'. The 'Messages' section shows one new message from Glogster. The 'Glog Alerts' section shows one new alert. The 'Friends' section shows one friend, Glogster.

**Friends** (Find new friends)

**Glogster**  
154433 friends  
3 Glogs

**NOTE:** A generic icon will appear beside your name unless you import a photo or other image.

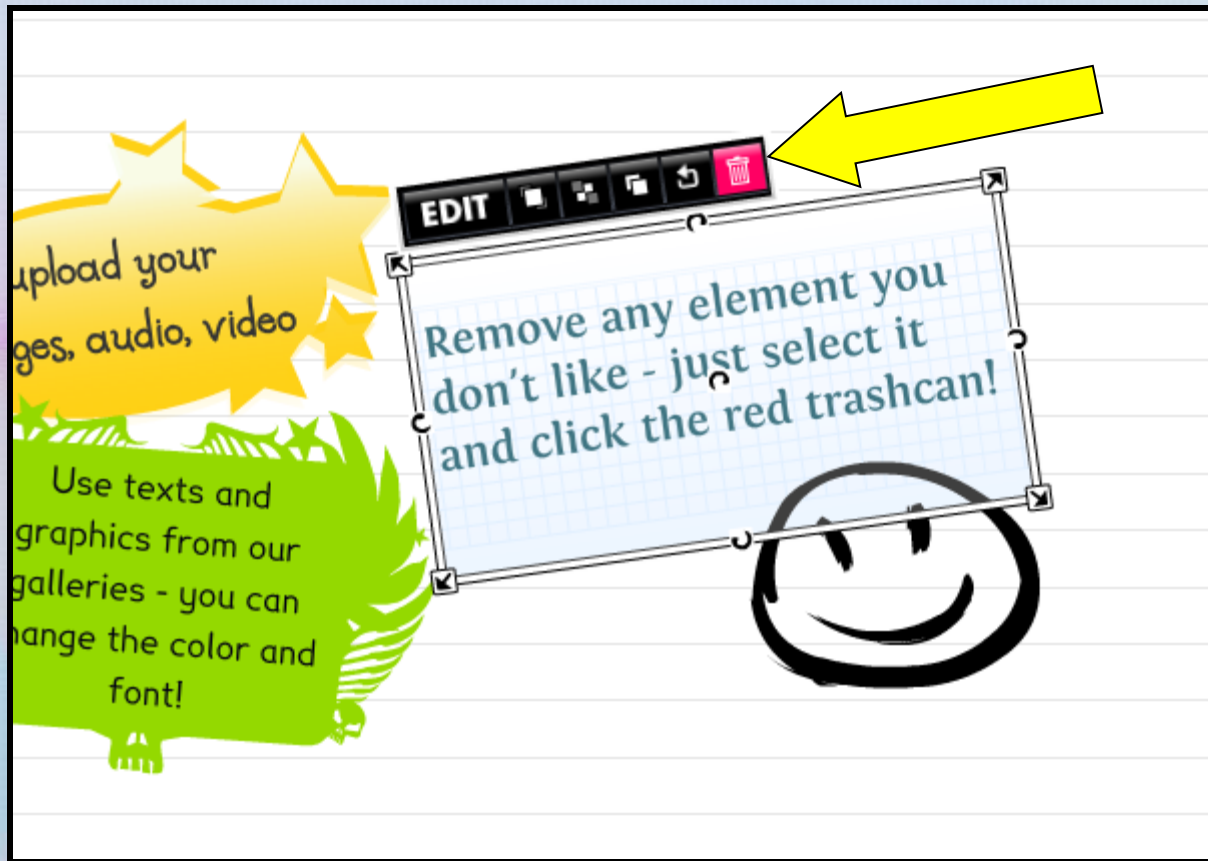

# Create Glog

A blank glog screen will appear.

# To Remove Page Elements

**Remove page elements by selecting it, then clicking the red trash can that appears.**

# Magnet Toolbar

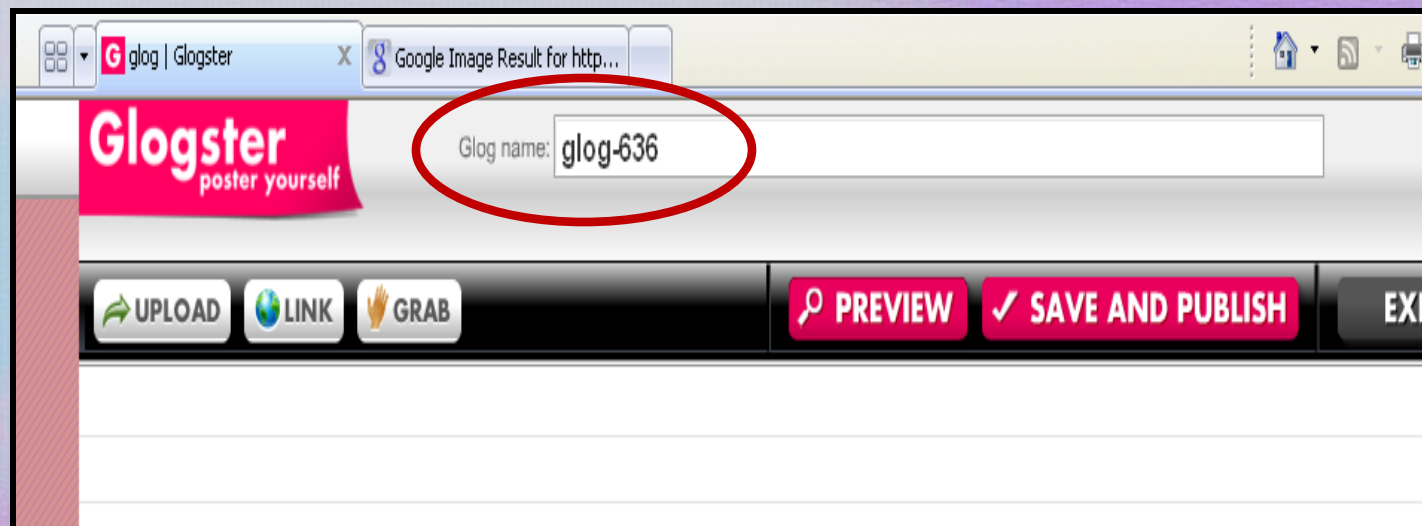

- Use the magnet toolbar to add page elements
- Toolbar will slide up and down the page
- Begin with the “Wall” tool to select a background
- Once other page elements have been added, the wall cannot be changed

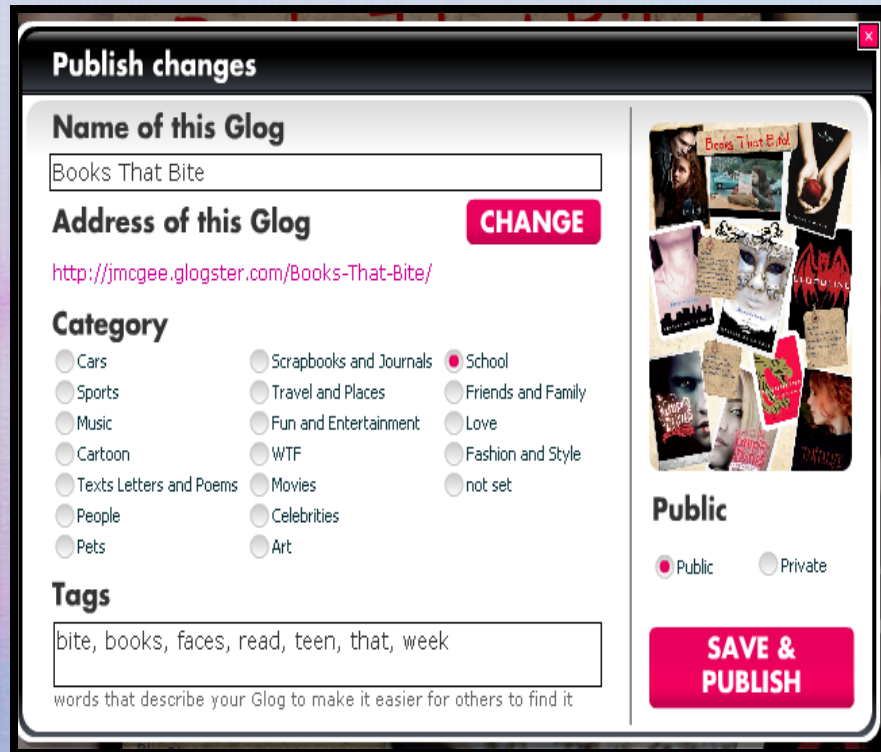

# Naming Your Glog

- At the top of the glog screen, there will be a rectangular box labeled “Glog name” next to it. When you first open your glog, it is only identified with a glog number. Click in the box and give your glog a unique name.

# Save and Publish

**Publish changes**

**Name of this Glog**  
Books That Bite

**Address of this Glog** **CHANGE**  
<http://jmcgee.glogster.com/Books-That-Bite/>

**Category**

<input type="radio"/> Cars	<input type="radio"/> Scrapbooks and Journals	<input checked="" type="radio"/> School
<input type="radio"/> Sports	<input type="radio"/> Travel and Places	<input type="radio"/> Friends and Family
<input type="radio"/> Music	<input type="radio"/> Fun and Entertainment	<input type="radio"/> Love
<input type="radio"/> Cartoon	<input type="radio"/> WTF	<input type="radio"/> Fashion and Style
<input type="radio"/> Texts Letters and Poems	<input type="radio"/> Movies	<input type="radio"/> not set
<input type="radio"/> People	<input type="radio"/> Celebrities	
<input type="radio"/> Pets	<input type="radio"/> Art	

**Tags**  
bite, books, faces, read, teen, that, week  
words that describe your Glog to make it easier for others to find it

**Public**  
☒ Public ☐ Private

**SAVE & PUBLISH**

The screenshot shows a 'Publish changes' dialog box. It has a title bar with a close button. The main area is divided into sections: 'Name of this Glog' with a text input field containing 'Books That Bite'; 'Address of this Glog' with a text input field containing a URL and a 'CHANGE' button; 'Category' with a grid of radio buttons for various topics, where 'School' is selected; 'Tags' with a text input field containing 'bite, books, faces, read, teen, that, week' and a small explanatory text below it; and a 'Public' section with two radio buttons, 'Public' and 'Private', where 'Public' is selected. At the bottom right is a large red button labeled 'SAVE & PUBLISH'. To the right of the form is a preview of a Glog, which is a collage of images and text related to books.

- Select a category.
- Add some “tags” (keywords) to make it more searchable
- Mark as “**Public**” or “**Private.**”
- Click “**Save & Publish**”
- Click “**Save & Publish**” often while editing to avoid loss of work.

You will be taken back to your main blog screen with the option to “**View**” or “**Continue Editing.**”

# Glog Wall & Page Wall

1. Select **“Wall”** from toolbar
2. Backgrounds are arranged by themes
3. Select a **“Glog Wall”**
4. Click **“Use it”**
5. Select a **“Page Wall”**

- The **Glog wall** is the background for the main part of the glog.
- The **page wall** is like an outside border or frame.

# Text

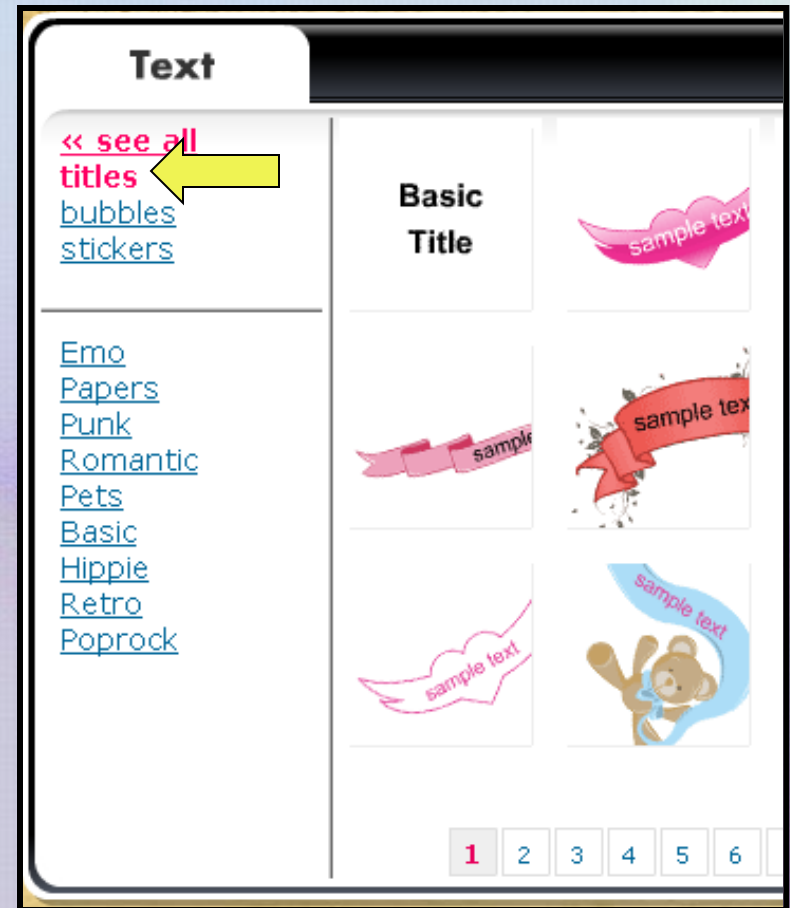

- To add text, select “**TEXT**” from the toolbar
- Choose a textbox (default), a title box, bubbles or stickers for your text
- A wide variety of text box styles are available from each category
- **TIP:** *Text boxes are square. Titles are rectangular, as in a banner or heading*

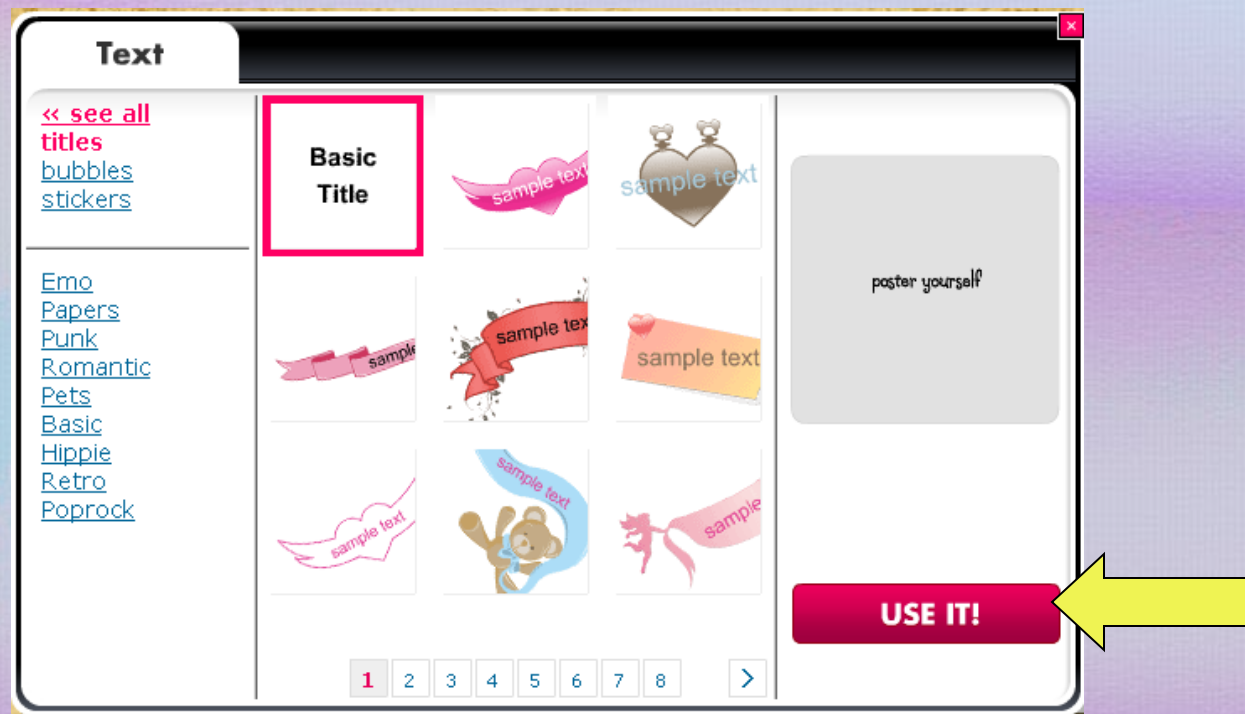

# Add a Title

- Select “**Title**”
- View the sample styles by clicking the numbers at the bottom of the screen or by clicking the list of styles on the left-hand side of the screen.
- ***Basic title*** creates a title without a frame.

# Titles

- Select the style you want and click **“USE IT.”**
- The textbox will appear at the bottom of your glog screen.

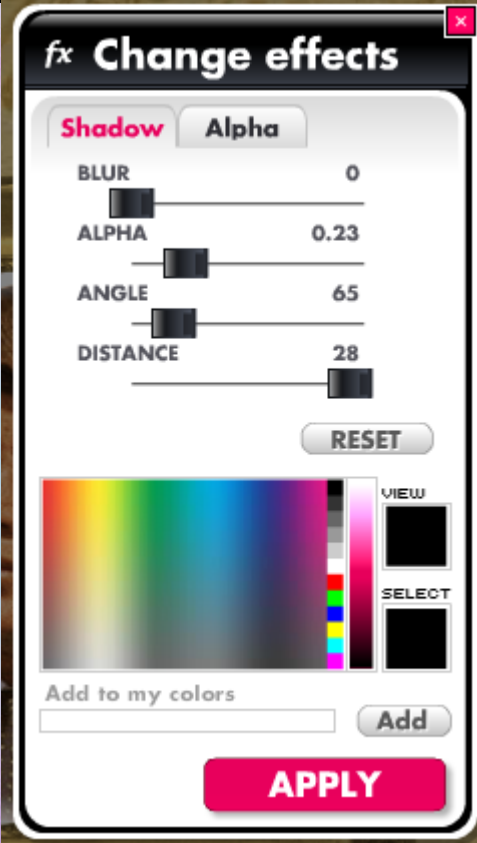

# Title Fonts

- The title appears as “**poster yourself**”
- Click the “**EDIT**” button to change/ add text
- Click “**Ab1**” to change to font style, color, size or justification

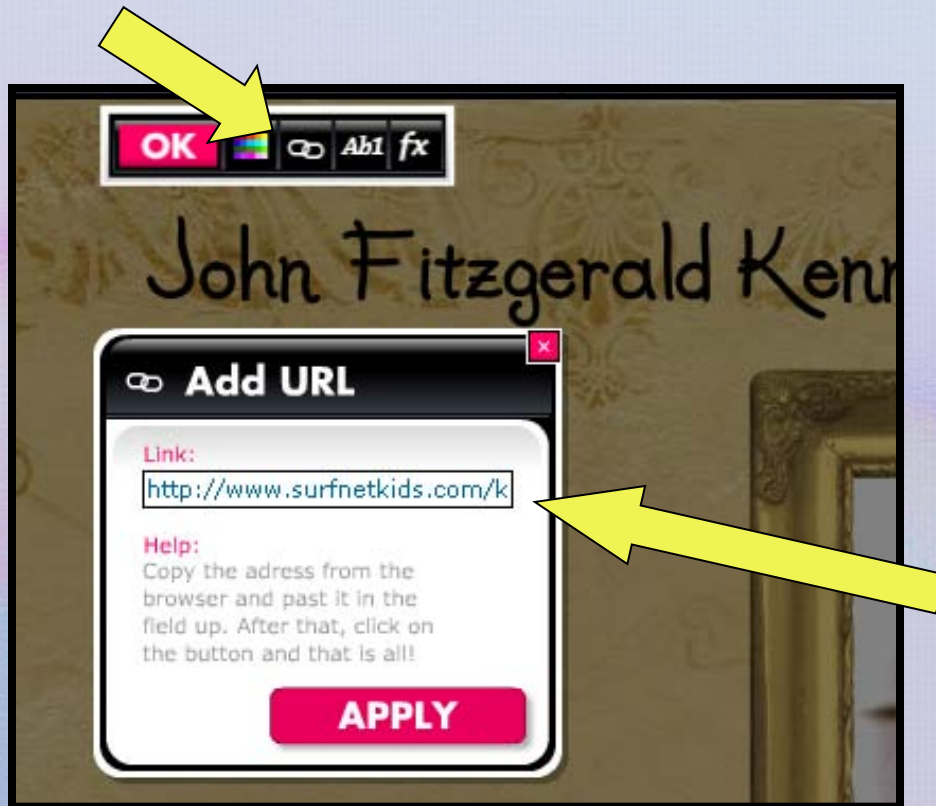

# Title Effects

- Click the “fx” button to create special effects such as title shadows
- Change the shadow, use a blur effect, adjust the distance, angle, etc.
- Click “**APPLY**”
- Click “**OK**”

# Adding a Hyperlink to a Title

- To hyperlink your title to a website, select the link  button
- An “**Add URL**” window will open
- Paste the URL of the website into the “**Link**” box
- Click “**APPLY**”

# Creating Text Boxes

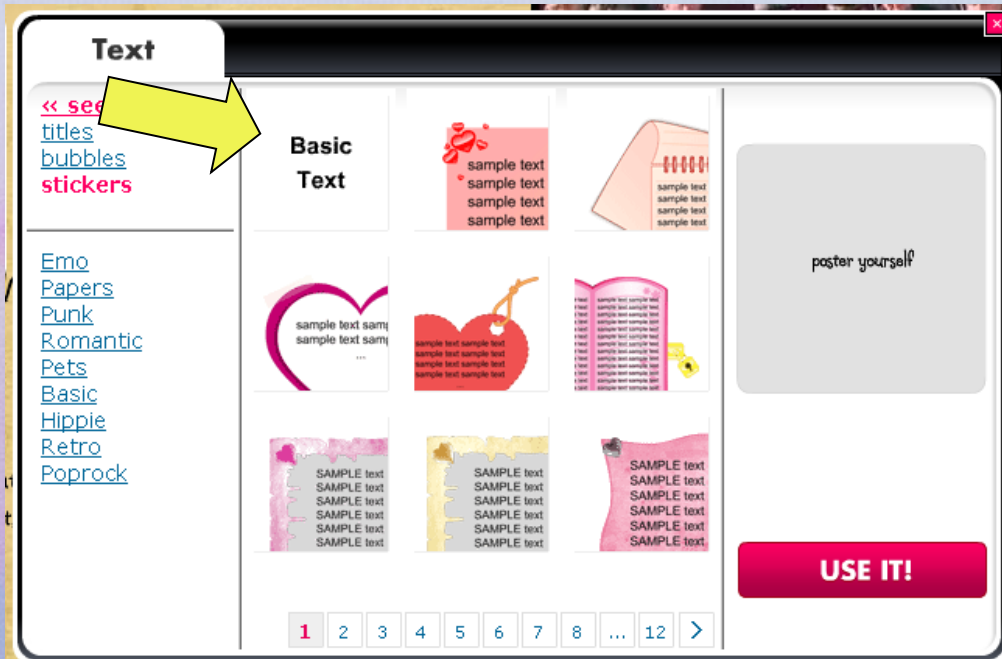

- To create a regular (square) textbox, select “**TEXT**” on the toolbar
- Choose “**Sticker**” from the text menu list.

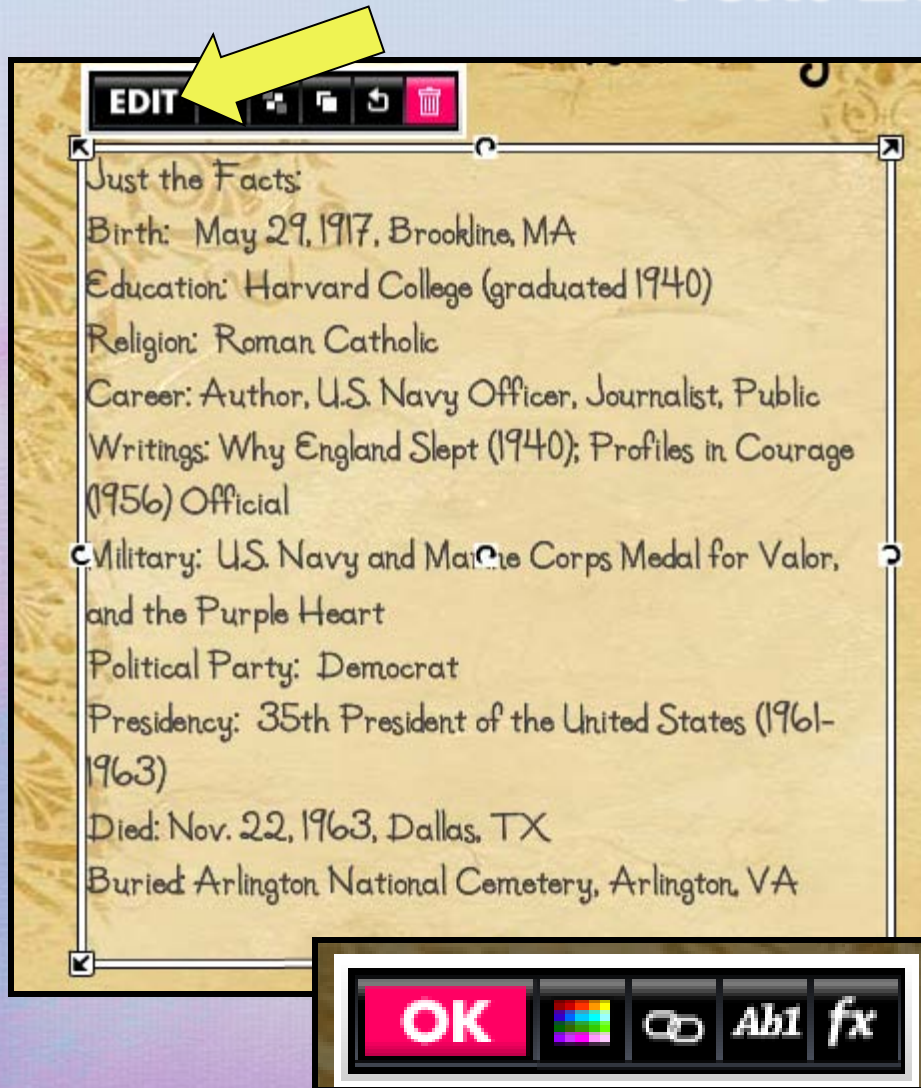

# Text Box Styles

- “Basic Text” creates a box without a frame. The other styles appear as a “sticker” in which text may be typed.
- Select a style
- Click “USE IT”

# Text Effects

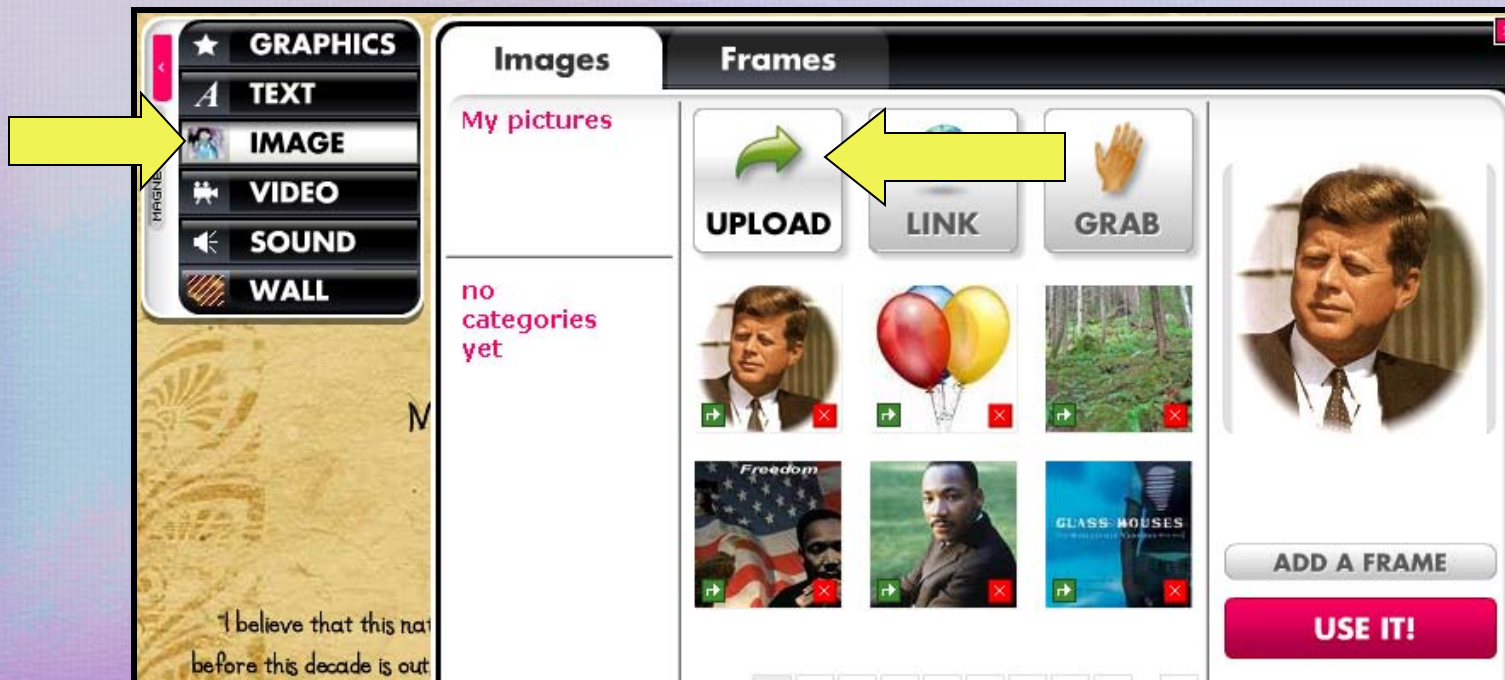

- Font styles, size, color and alignment are accessed from the same Menu icons used with **Title** effects.
- Hyperlinks may also be added to text boxes and stickers.

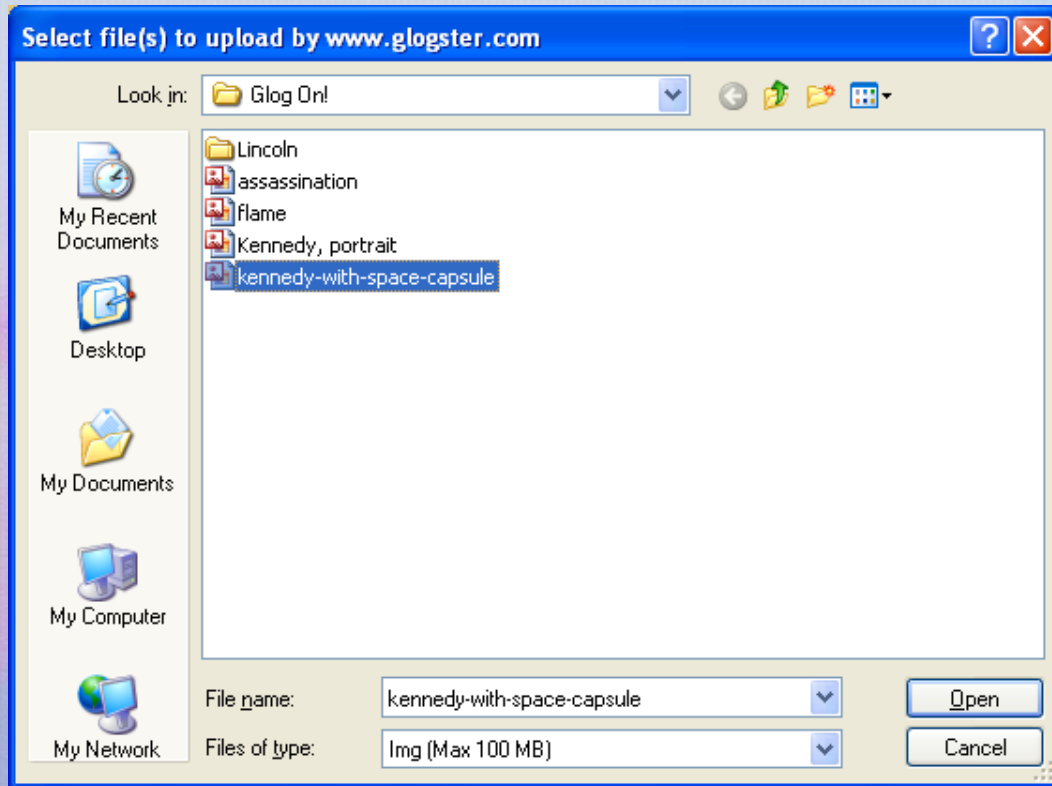

# Images

- Locate images from the Internet, digital camera, or other sources and save to a folder on computer
- Click “**IMAGE**” on menu
- Select “**UPLOAD**” button

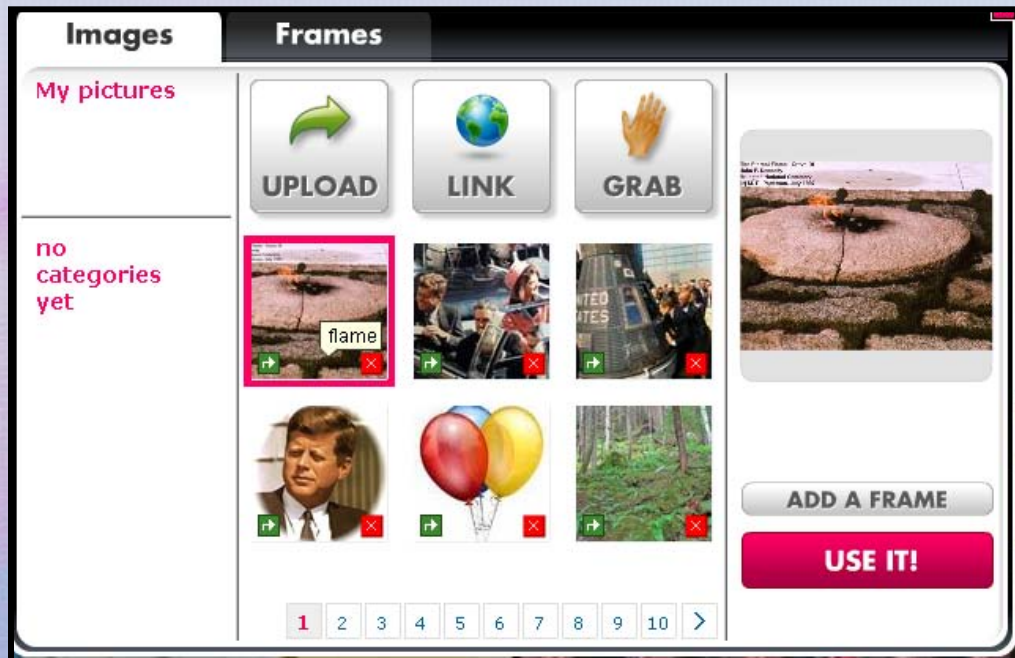

# Uploading Images

- Browse to folder
- Select the image
- Click “**Open**”
- Image will upload to image collection.

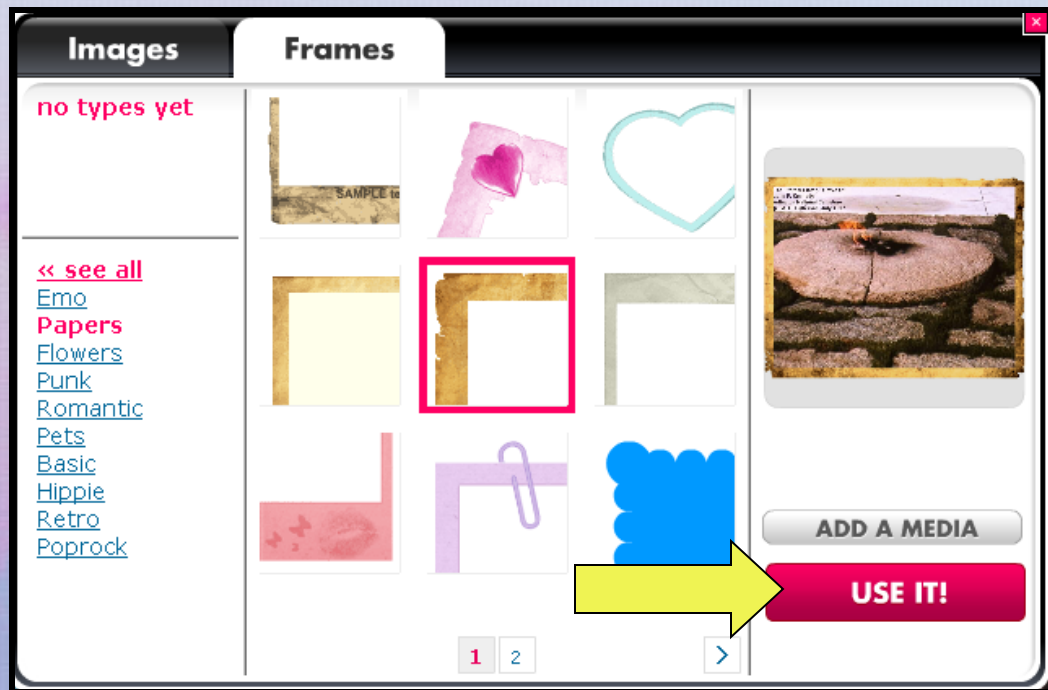

# Adding the Image

- Select image
  - Image will appear on the right
  - Click **“USE IT”** to add it to glog
- OR**
- Add a frame by clicking **“ADD A FRAME”** button

# Adding a Frame

- Use menu on left to view and select a frame around image
- Click “**USE IT**” to add image and frame to glog
- Remove a frame before adding to glog by choosing “**Basic**” frame

# Image Adjustment

- Adjust size and placement of image using handles on side
- Use menu bar above image to bring image forward, send to back for layering or duplicate image.
- Choose trash can to delete image.

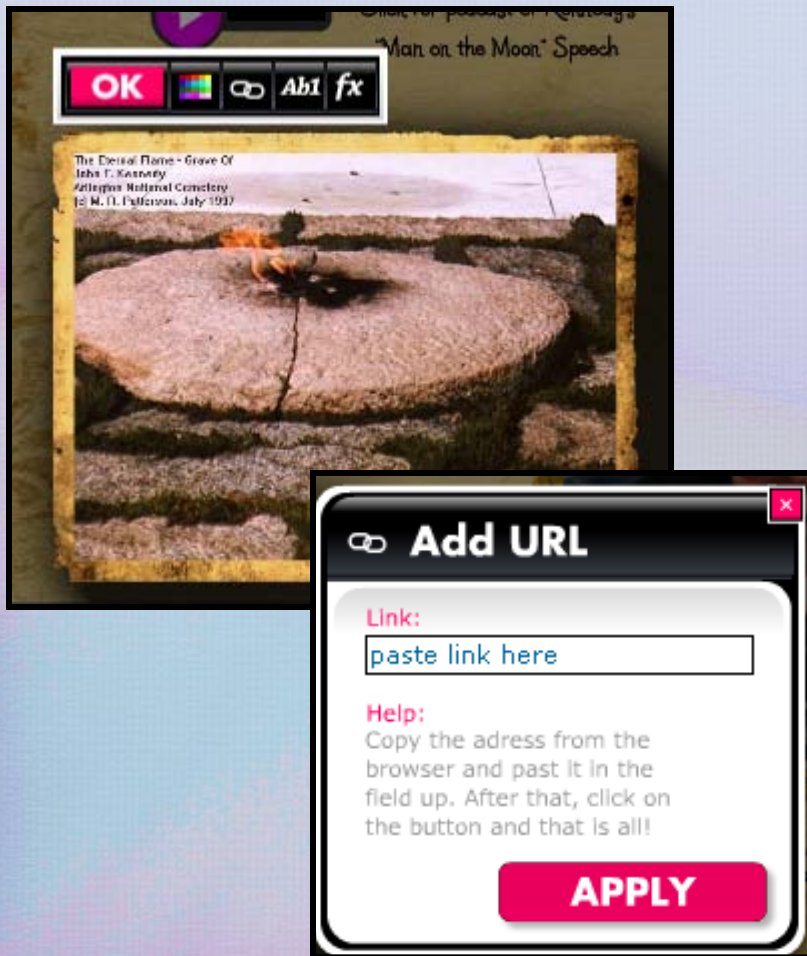

Bring to front

Send to back

Clone image

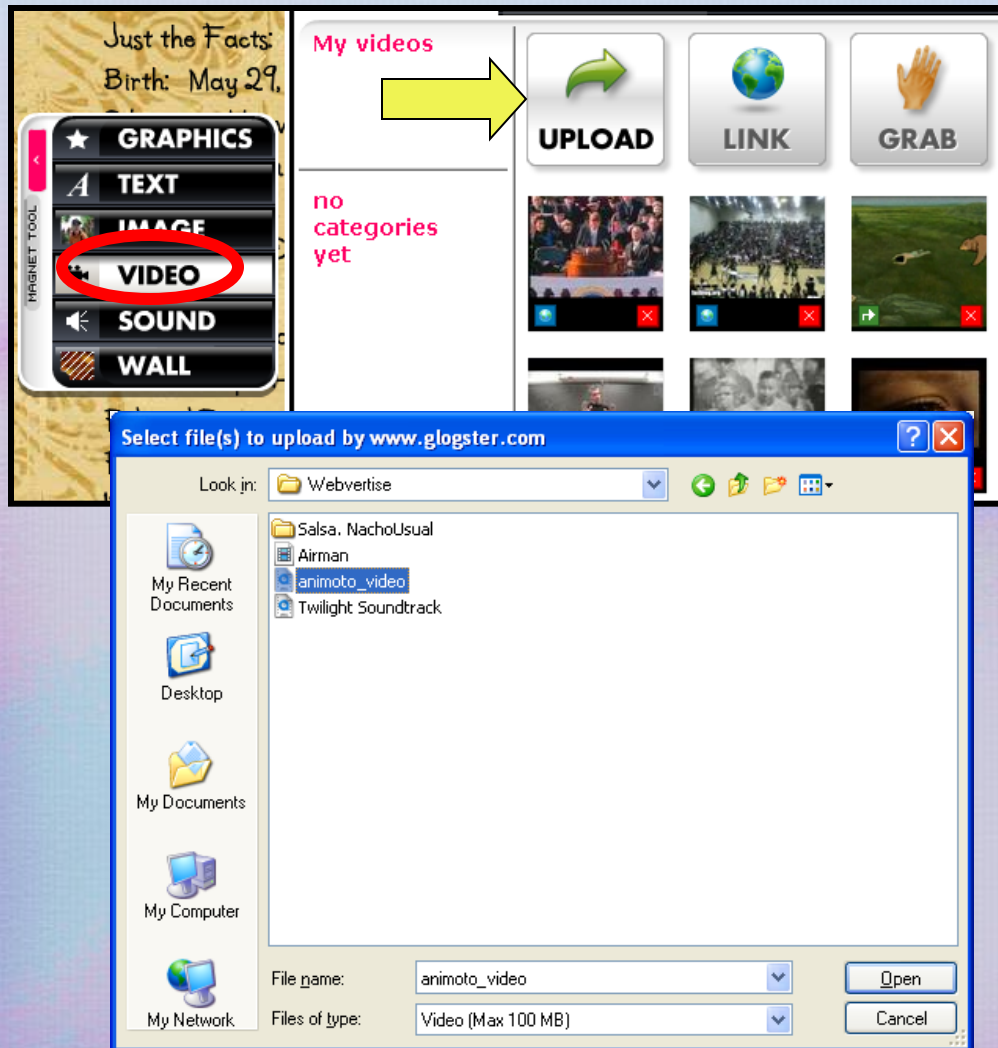

# Hyperlink to Image

- Select image
- Click **“EDIT”**
- Select link  button on menu
- Paste or type URL into link box
- Click **“APPLY”**

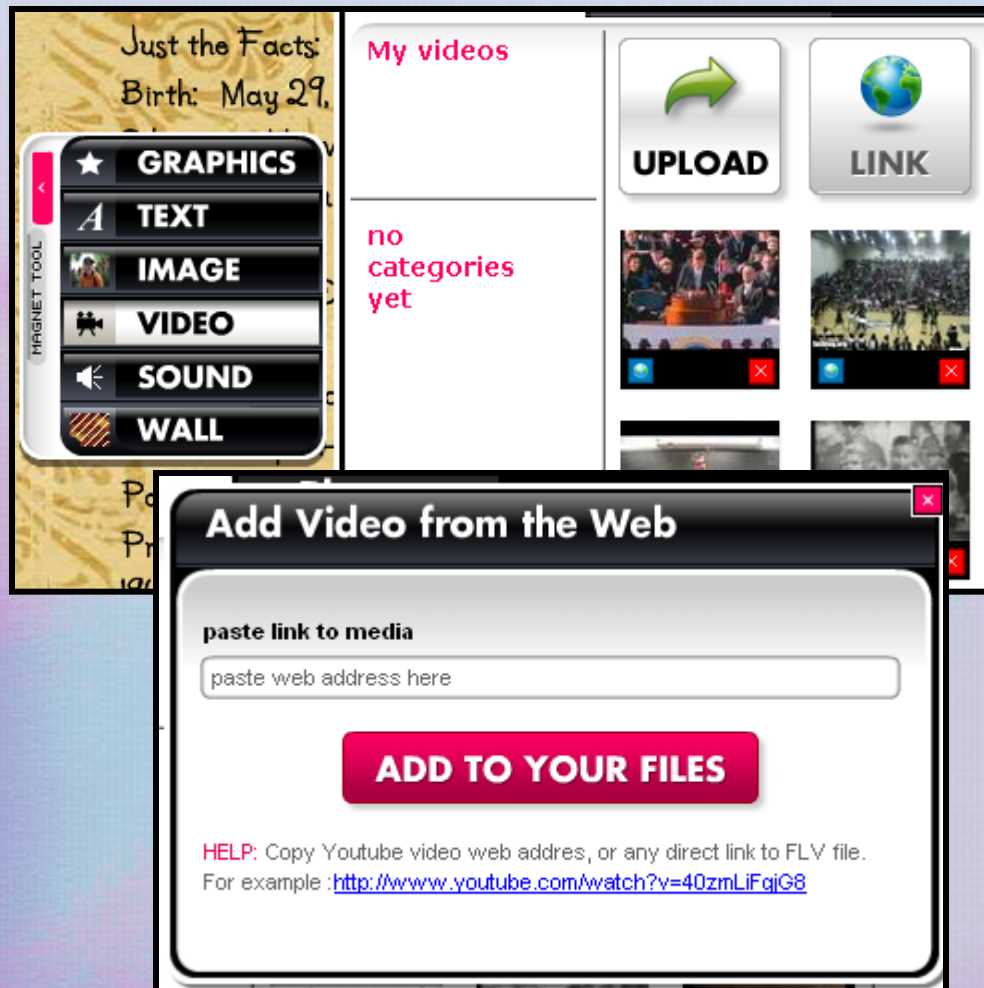

# Add Video File

- Select “**Video**” from Magnet Toolbar
- Click “**UPLOAD**” to navigate to a downloaded video on your computer (such as a video from *UnitedStreaming*)

**OR**

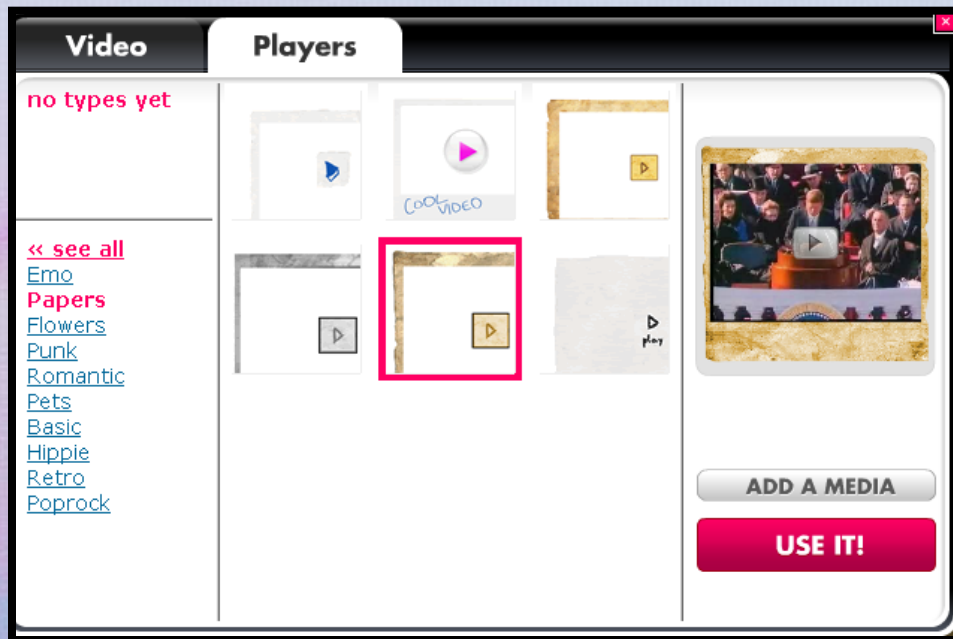

# Link to Web-based Video

- Click “**LINK**” to add a web-based video from *YouTube*, *TeacherTube* or other online video resource
- Paste or type the URL of the video
- Click “**ADD TO YOUR FILES**”

# Web-based Video

- Video will be added to library
- Select video
- Choose a player or frame by selecting **“Add a Player”** button
- Click **“USE IT”**

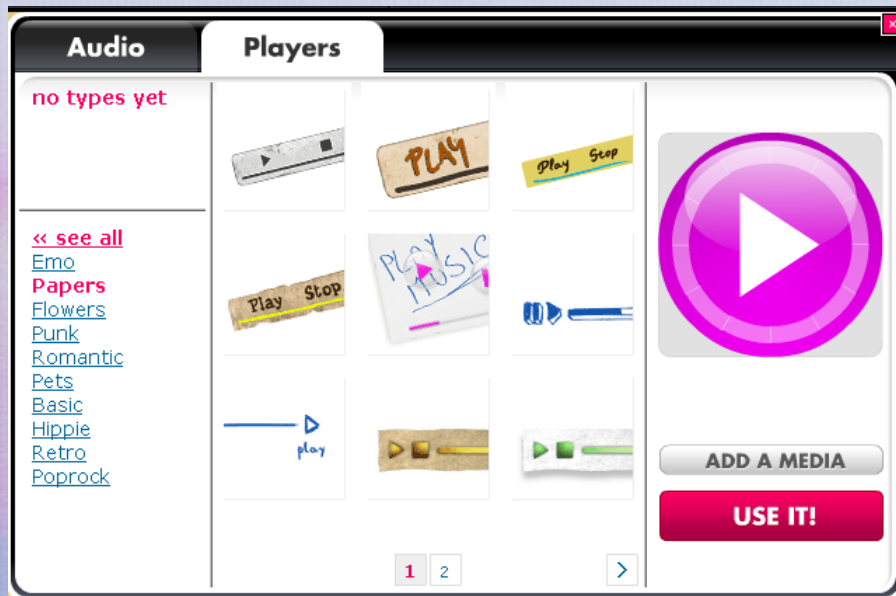

# Add an Audio File

- Audio files are added in the same manner as video files
  - Choose “**SOUND**” from the Magnet Toolbar
  - Select “**UPLOAD**” for downloaded sound file
- OR**
- Select “**LINK**” to an audio file on the web

# Audio File and Frame

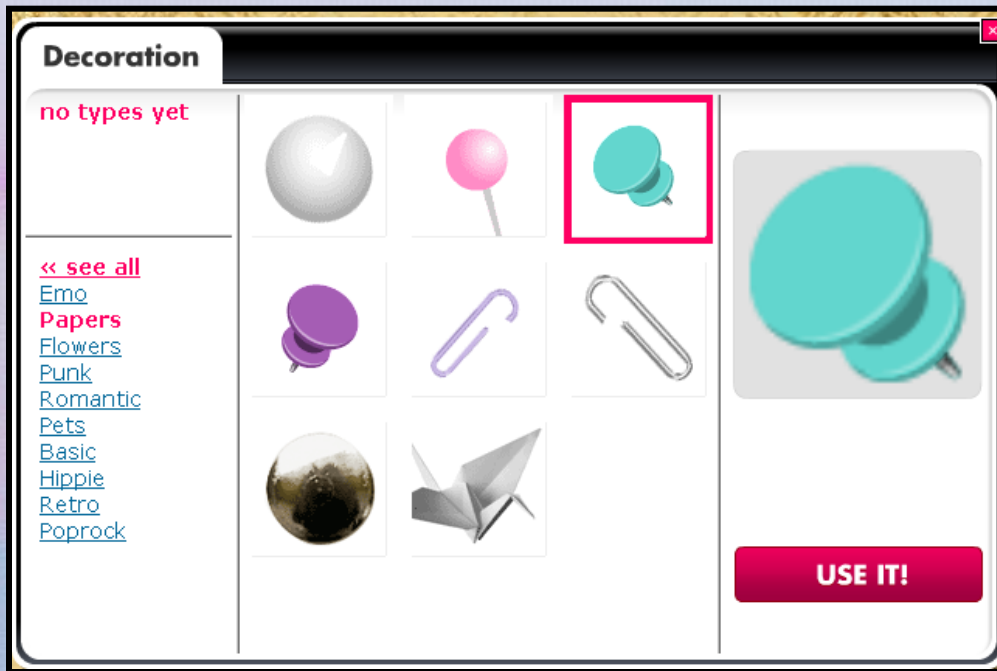

- Choose a player frame from the themes menu

**OR**

- Use “as is”
- Click **“USE IT”**

# Add Graphics

- Select “**Graphics**” from Magnet Tools
- Choose a graphic from any of the themes on menu
- Select “**USE IT**”
- *NOTE:* Some graphics are animated

# Save and Publish

This image shows the "Publish changes" dialog box in Glogster. It has a title bar with a close button. The form contains several sections: "Name of this Glog" with a text field containing "JFK"; "Address of this Glog" with a text field containing "http://jmcgee.glogster.com/JFK/" and a red "CHANGE" button; "Category" with a grid of radio buttons for various topics like Cars, Sports, Music, Cartoon, Texts Letters and Poems, People, Pets, Scrapbooks and Journals, Travel and Places, WTF, Movies, Celebrities, Art, School, Friends and Family, Love, Fashion and Style, and not set; "Tags" with a text field containing "jfk, library20, socialstudies, web20" and a note "words that describe your Glog to make it easier for others to find it"; a "Public" section with radio buttons for "Public" (selected) and "Private"; and a red "SAVE & PUBLISH" button at the bottom right. A large yellow arrow points from the "SAVE & PUBLISH" button towards the right.

- Select **“SAVE & PUBLISH”** from top menu of glog
- Edit name, category, or tags if needed
- *Optional:* Change from **“Private”** to **“Public”**
- Click **“SAVE & PUBLISH”**

# Publishing and Sharing Glog

- Use this screen to view glog, email glog, or post to web
- Use URL link to post a link on a website or wiki
- Click “**Email**” to email link
- Click “**Copy**” button to copy html code to embed

**A Glog is like a poster. . . . .**  
**. . . . Only BETTER**

**Glog ON!**
